Description

G7® Expert/Professional Training class: Sheetfed Offset & Flexography

For the first time, we will have this training also online.

Taught by David Hunter co-founder and principal at CromChecker, G7 Expert Trainer

This training will be taught both in the printing facility and online

Implementation of G7 method theoretically in various systems & practically in sheetfed offset & flexo.

- To obtain the **G7 Expert** level is mandatory to pass the certification exam with the **90%** of correct answers. For the **G7 Professional** level the attendees must pass the certification exam with **80%** correct answers.
- Those attending the training **must have an active international membership** of Idealliance or Idealliance Mexico, whether individual or corporate.

Training program:

April, 24 to 26, 2018

9:00 am to 6:00 pm – Tuesday to Friday

Please bring along a flash drive (USB). Laptops are welcome but not necessary.

G7® Expert

A **G7 Expert** is an expert in the field of color management, process and quality control for proofing and printing equipment. A **G7 Expert** is able to analyze color and print related issues and take corrective action to bring systems and processes in control to a set method, standard or specification with repeatable predictable results. Certification is valid for 2 years. **G7 Experts** must remain employed with an Idealliance Member Company to maintain their **G7 Expert** status.

Each G7® Expert must carry out at least one training and qualification of a plant as G7® Master every year.

G7® Professional

A **G7 Professional** is generally an in-house quality/technical professional. Certification is valid for 2 years. A **G7 Professional** must be employed by G7 Network Member or with an Idealliance Corporate Member company to maintain their **G7 Professional** status.

Optional Prerequisite Test your knowledge!

Test your knowledge! To ensure that you are adequately prepared for the upcoming G7 Training course, Idealliance has made its online Color Management Professional (CMP) Fundamentals 2.0 Course available at no cost to all registered attendees. The CMP Fundamentals Course is a series of 12 online video lessons encompassing approximately 4.5 hours of education, covering the fundamental principles of color management. Successful completion of the CMP Fundamentals Course will certify you as a Color Management Professional, with listing in the database of Idealliance Certified Professionals.

We strongly recommend that you complete this course prior to the G7 Training.

Certification exam

The certification exam is conducted online through the Idealliance course site. Once you complete the class-room course you will have access to the exam. Access is typically for 10 days beginning the last day of class, with 2 attempts to pass (**90% or better for G7 Expert, 80% or better for G7 Professional**). You must pass the exam to become certified. (Additional attempts are available with a small fee.)

Following the exam close date, allow approximately 2 weeks to receive your certificate and logos via email.

You have the option of taking this training on line or at the printing facility

Costs for G7 Expert level

1. Training \$1850 USD *If you're not in Mexico, contact us for the tax fee.*
2. International membership (Good for 1 year) **Request the costs**
